

Strings on Fire! Summer Lesson Program

For Perrysburg orchestra students in grades 5th, 6th, 7th and 8th

The third annual Strings on Fire summer lesson program continues to provide trained PHS orchestra students the opportunity to teach private lessons to younger students, under the direction of Michael Smith. Many of these high school students are interested in pursuing a career in music education. This lesson program is a great opportunity to provide an outstanding learning experience to all students involved.
